Second Draft

Your expertise, redrafted for the AI era. An AI career agent that turns what you already know into your next career — and walks it with you, week by week.

TARGET MARKET

US · freelance copywriters & writers, 3–10 years in. 140,300 writers, 65% self-employed — they pay for their own transition (E1 · single-source)

PROBLEM

Clients now draft with ChatGPT. Freelance writing income fell 5.2% after ChatGPT launched (E11 · verified). No employer, no outplacement — they prepare alone and quit halfway.

WHY NOW

120,136 US layoffs cited AI as the reason, Jan–Sep 2026 (E59 · single-source). BLS now names AI as dampening demand for writers (E40 · single-source).

BUILT TODAY

SCREEN 2 · PATHS — [SIMULATION] PERSONA "DANA" · SCREENSHOT PENDING DEPLOY

A · Messaging & Positioning Consultant — what transfers: discovery calls → positioning

B · Brand Voice & Prompt Systems Designer

C · Copy Educator / Workshop Lead

SCREEN 3 · THIS WEEK — LIVE DEMO URL PENDING (BUILD)

Tue · Rewrite one past project as a before/after page (25 min)

Thu · Draft a 90-min messaging-session offer to one client

Not today → "A rest day, not a missed day." · 1/3 done · 1 moved

HOW IT WORKS

Type three things — your career, what hurts, what pulls you. One Claude call returns 3 paths that transfer your expertise and this week's 3 actions (≤30 min). A missed action moves; it is never deleted. One brain (app/logic.js) runs the web demo and an MCP server any app can plug into (제품 사양).

WHY US · NEXT 7 DAYS

Career Dreamer and Coursera Coach stop at a map; outplacement vendors ($600–2,600/employee E70 · single-source) resell résumés. Nobody pairs expertise transfer for AI-displaced roles with a weekly habit loop. 10M path: 700K creative pros (E25 · hypothesis) → 3M who can pay (E67 · hypothesis) → 11.8M in BLS-declining jobs (E66 · hypothesis). Next 7 days: 10 consented beta writers · 2-week check-in retention · MCP server public · first outplacement call. Ask: intros to an outplacement buyer, Upwork, a career-tech investor.
